

Introduction

When things were still going well Claire had asked to do tests with certain types of DNA. The scientists she worked with showed her the eggs and test results, but Claire didn't want to hear anything, so the scientists abandoned her project.

Chapter 1

(Introduction) It all starts well until it happens... (Claire) - The park is not going to have any problems whatsoever?

(Worker) -No lady any problems, the park is going to worry- you not forthat Claire.

(Alert unknown animal intrusion in the Park.(Alarm sounds)

(Claire) - Can you recognize with the computer? (To Worker)

(Worker) -No madam we can not recognize the animal we can locate it.

(Claire) - Where is the animal located?

(Worker) - I'm trying to locate her... bizzzzzzzzzz...

(Alert) Dear visitors we ask you to remain calm the backup generators will be activated in a few moments. Direct yourself immediately to the emergency shelters and now!(alarm)

(Worker) - I believe we have locate the creature now....

(Claire) - Ask to activate the backup generators and fast, because dinosaurs can escape from one moment to another all the pen doors are disabled and also the electric barriers!

(Worker) - Yes Claire, This is Raphael to you.

(???) –

(Raphael) - Turn them on backup generators as soon as possible!

(???) –

(Raphael) - Answer !!!!!!!

(???) –

(Raphael) - No answer I cross that they are dead, Claire.

(Claire) - I think we'll have to go and see for ourselves..

(Claire) - You stay here if a problem arises I stay in touch with you. (To Worker)

(Worker) - Ok, perfect! We will contact you if anything happens otherwise contacted us.

(Claire) - You pushy151 , you come with me you a seem to know you.

(Claire) - Let's start by getting out of this place...

(Alert) Unknown on approach.

BAM.

(End) (Claire) - Hurry to board the helicopter and take off before it catches up with us.

(Decolle)

(Claire) - we need to get to the power plant as soon as possible.(To Alan)

(Alan) – Parfait!

(Unknown animal) - You're not going to get away with it. Mouahahahaha!!

(Fireball that touches the engine of the helicopter) beep beep beep beep!!

(Crash)

Chapter 2

Party 1

(Introduction)

(Claire) - Hello? No one is injured or dead??

(Player) - I'm fine but for Alan I don't know if he's alive.

(Claire) – AAAAAAAAAALLLLLLLLAAAAAAAAANNNNNNNN

(Player) – AAAAAAAAAALLLLLLLLAAAAAAAAANNNNNNNN

(Claire) – AAAAAAAAAALLLLLLLLAAAAAAAAANNNNNNNN

(Player) - ALL.... I just found it... He's dead.

(Claire) -Ah... At least we're close to the power plant.

(Claire) - Oh no! My team informs me that there will be thunderstorms any minute.

(Claire) - We should find shelter to sleep so we can see better tomorrow and fitter.

(Player) - You're right.

(End) (Thenext morning)

Party 2

(Introduction) (Claire) - We have to find a way out of this forest the power plant is right next door.

(End) (They leave with the old jurassic park vehicle that was in the building (garage)abandon the park jurassic park

Chapter 3

(Introduction)

(Claire) - OMG! The power plant was really damaged.

(Player) - Who could have done that or at least what creature would be able to do that ?!?!?!?!?

(Claire) - I have no idea

(Player) - Let's go inside maybe there are still survivors.

(Claire) - You're sure it looks very dangerous plus the building has already caught fire.

(Player) - WHAT TO BE TOO TARD!! If there are survivors, he could tell us about what happened.

(Player) - You're right let's go fast!

(Inside)

(Player- Claire) - Cough.....

(Claire) - I'll wait for you here if there are survivors bring me the I'll take care of it (all).

(Player) - Am I the only one who sees holes, blood everywhere, corpses and claw marks? (cough))

(Claire) - No, I see everything, too. Find me a radio like this I can contact my team. She can send us a rescue team.

(Technician) - HELP !!!!!

(End) (Claire) - Can you tell me what's happening? (To the Technician)

(Technician) - One was attacked by a flying creature, its looked like a dragon, but different from the others I couldn't see long enough to tell you what it looked like in detail the survivors were knocking out and fainting like me.

(Claire) - Let's get out of here before everything explodes.

(Player) - Good idea.

(Back outside Claire takes the radio to call contact the team)

(Claire) - Can you send us a rescue team so that survivors can be treated and safe?

(Raphael) - Yes I make her now leave me some moment.

(Raphael) - This is Raphael at the rescue team you hear me?

(Rescue) - Yes we hear you what's the problem?

(Raphael) - There has been a disaster at the power plant and there are survivors they need a rescue team.

(Rescue) - We're moving as fast as we can to get them.

(Raphael) - They're coming....

(Claire) - Perfect! I will contact you again if anything happens.

A few moments later....

Get on board fast!

(Whale noise)

(Claire) - You heard ????

(Claire) - The sound comes from the enclosure of the mosasaur

(Player) - You have to go there and fast!

(Claire) - You drive I take care of having reinforcements (security)

(Player) - Perfect!

Chapter 4

(Introduction) (Claire) - Here we are.

(Disembarking from the vehicle)

(Claire) - To get to the enclosure of the mosasaur we must take the elevator of the staff that leads underground or that there are the stands but also the room containing the submarine that allows to go in its enclosure.

(Player) - But first we have to get all the visitors out of the park most are in the restaurant store and more... but especially in the emergency shelters and here's one.

(Claire) - You're totally right. Let's start by freeing all these visitors and then we'll take care of the mosasaur.

(End) (Helicopter noise on approach and some vehicle)(Claire) - Here we go..

(Brad) - If I understand there is a problem with the mosasaur?

(Claire) - Yes, but I asked for reinforcements so that you could bring visitors out of the park (Port).
parc(

(Bradd)- My team does it if you want me can accompany you.

(Claire) - A security guard would not do any harm.

(Player) - Yes, but we have to find a way to unlock the elevator to be able to access the submarine..

(Whale noise)

(End) (Brad) - Hurry up, I'm driving.

(Claire) – Ok.

(Start a can to advance)

(????) – Mouahahahah.

(Ice the boat with an ice laser.)

(In the boat) (The boat no longer operates any electricity and the boat is covered with ice)

(Brad) - Uhhhh ????

(Claire) - What just happened?

(Brad) - I have no id....

(Stronger whale noise)

Chapter 5

(Introduction) (Claire) - We need to find a way to see to reactivate the engine.

(End) (Brad) - Now let's see what she has....

(Near mosasaur)

(Really strong whale noise)

(Claire-Brad) - OH MY GOD!

(Claire) - These are the first time I've seen this kind of injury...

(Brad) - Me too

(Brad) We have the only submarine that can go into that cage in addition to its a submarine, in case of injury or whatever and these the case at this time. I can't do that.

(Claire) - Neither do I

(Brad) - Some of you are capable of doing that. I leave room to whoever will do it ... (randomrandom player))

(Brad) (Instruction) The W and S keys to go up or down the first arm, the keys A and D allow to move the arm either to a the left or right. The keys for the second arm sound the arrow of your keyboard to hit with the hammer on the ice made shift for the first and second the Ctrl key. Mobile keys will be available soon.

(End) (Brad) - Good job!

Chapter 6

Coming soon...
